1. Nature of operations and going concern

Arizona Metals Corp. ("AMC" or the "Company") was incorporated under the Canada Business Corporations Act on June 28, 2017. The Company's head office, principal address and registered and records office is located at 66 Wellington Street West, Suite 4100, Toronto, Ontario, Canada, M5K 1B7. The Company completed its Initial Public Offering on March 6, 2018 and was classified as a Capital Pool Company ("CPC") as defined by the TSX Venture Exchange ("TSX-V").

On August 1, 2019, the Company completed a reverse take-over transaction ("RTO") with Croesus Gold Corp. ("Croesus") wherein the Company acquired 100% of the issued and outstanding common shares of Croesus. As a result of the share exchange, Croesus is considered to have control. While the Company is the legal acquirer, the accounting acquirer is Croesus and these financial statements are consolidated and presented with Croesus as the continuing entity. Concurrent with the RTO, the Company changed its name to Arizona Metals Corp. and began trading on the TSX-V under the symbol "AMC". On August 6, 2020, the Company began trading on the OTCQB under the ticker "AZMCF" and moved to the OTCQX in January 2021.

AMC is a Canadian exploration company focused on precious metal exploration in the United States. At the date of these unaudited condensed interim consolidated financial statements, the Company has not yet discovered any deposits, nor has it earned any income.

Although the Company has taken customary steps to verify title to the properties on which it is conducting exploration and in which it has an interest, in accordance with industry standards for the current stage of exploration of such properties, these procedures do not guarantee the Company's title. Property title may be subject to unregistered prior agreements and non-compliance with regulatory requirements.

AMC is at an early stage of exploration and as is common with many exploration companies, it raises financing for its exploration and acquisition activities in discrete tranches. The Company has current assets in excess of current liabilities of \$25,668,034 at June 30, 2021 (December 31, 2020 - \$4,446,870). For the six months ended June 30, 2021, the Company had a net loss of \$10,096,022 (six months ended June 30, 2020 - \$4,127,318), and had cash outflows from operations of \$7,793,608 (six months ended June 30, 2020 - \$2,292,660).

These unaudited condensed interim consolidated financial statements have been prepared on a going concern basis, which contemplates the realization of assets and settlement of liabilities in the normal course of business as they become due. The Company believes that it will have sufficient capital to operate over the next twelve months.

Longer term, the Company may pursue opportunities to raise additional capital through equity markets; however, there can be no assurance it will be able to raise funds in the future. The ultimate ability of the Company to remain a going concern and complete exploration and development of properties, if properties are proven successful, is dependent upon successfully raising additional capital. See note .

In March 2020, the COVID-19 outbreak was declared a global pandemic by the World Health Organization. The situation is dynamic and the ultimate duration and magnitude of the impact on the economy, capital markets and the Company's financial position cannot be reasonably estimated at this time. The Company is monitoring developments and will adapt its business plans accordingly. The actual and threatened spread of COVID-19 globally could adversely impact the Company's ability to carry out its plans and raise capital. While it has not had a significant impact on operations so far, the continuing extent of the effect of COVID-19 on the Company is uncertain.

2. Significant accounting policies

Statement of compliance

The Company applies International Financial Reporting Standards ("IFRS") as issued by the International Accounting Standards Board ("IASB"). These unaudited condensed interim consolidated financial statements have been prepared in accordance with International Accounting Standard 34 - Interim Financial Reporting. Accordingly, they do not include all of the information required for full annual financial statements required by IFRS as issued by the IASB. These unaudited condensed interim consolidated financial statements should be read in conjunction with the Company's 2020 annual financial statements which have been prepared in accordance with IFRS as issued by the IASB.

The policies applied in these unaudited condensed interim consolidated financial statements are based on IFRSs issued and outstanding as of August 30, 2021, the date the Board of Directors approved the statements. The same accounting policies and methods of computation are followed in these unaudited condensed interim consolidated financial statements as compared with the most recent annual financial statements as at and for the year ended December 31, 2020.

Recent accounting pronouncements

Certain pronouncements were issued by the IASB or the IFRIC that are mandatory for accounting periods commencing on or after January 1, 2022. Many are not applicable or do not have a significant impact to the Company and have been excluded. The Company is assessing the impact of the below of the below pronouncements on its financial statements.

IAS 1 – Presentation of Financial Statements ("IAS 1") was amended in January 2020 to provide a more general approach to the classification of liabilities under IAS 1 based on the contractual arrangements in place at the reporting date. The amendments clarify that the classification of liabilities as current or noncurrent is based solely on a company's right to defer settlement at the reporting date. The right needs to be unconditional and must have substance. The amendments also clarify that the transfer of a company's own equity instruments is regarded as settlement of a liability, unless it results from the exercise of a conversion option meeting the definition of an equity instrument. The amendments are effective for annual periods beginning on January 1, 2023.

IAS 37 – Provisions, Contingent Liabilities, and Contingent Assets ("IAS 37") was amended. The amendments clarify that when assessing if a contract is onerous, the cost of fulfilling the contract includes all costs that relate directly to the contract – i.e. a full-cost approach. Such costs include both the incremental costs of the contract (i.e. costs a company would avoid if it did not have the contract) and an allocation of other direct costs incurred on activities required to fulfill the contract – e.g. contract management and supervision, or depreciation of equipment used in fulfilling the contract. The amendments are effective for annual periods beginning on January 1, 2022.

Sugarloaf Peak Gold Project

On December 16, 2014, Croesus entered into an option agreement with Riverside Resources Inc. ("Riverside") effective December 16, 2014, as amended December 18, 2015 and March 21, 2016 (the "Sugarloaf Option Agreement") whereby Riverside granted to Croesus the irrevocable and exclusive right and option (the "Option") to purchase and acquire 100% of Riverside's right, title and interest (of any nature or kind whatsoever) in and to the Sugarloaf Peak Gold Project. Croesus exercised the option in full by making aggregate cash payments to Riverside of \$700,000 (December 31, 2020 - aggregate cash payments of \$700,000) and issuing an aggregate of 10,300,000 common shares (December 31, 2020 - aggregate common shares issued of 10,300,000) to Riverside.

The Sugarloaf Gold Peak Project is subject to a 2% net smelter return royalty due to Riverside and a 1.5% royalty to Arizona Gold Holdings, LLC. AMC has the right to repurchase 0.5% of the royalty granted to Riverside for \$2,000,000 until the commencement of production on the Sugarloaf Peak Gold Project. In addition, AMC retains the right to require Riverside to repurchase 1% of the 1.5% royalty held by Arizona Gold Holdings, LLC for US\$1,000,000, which repurchase amount would be funded by AMC.

At June 30, 2021, the Company has provided aggregate of \$54,652 (December 31, 2020 - \$54,652) in deposits as security against potential future reclamation work related to the Sugarloaf Peak Gold Project.

6. Exploration and evaluation expenditures (continued)

Kay Mine

On November 15, 2018, Croesus entered into an acquisition agreement ("Acquisition Agreement") with Silver Spruce Resources Inc. ("Silver Spruce") to acquire 100% interest in certain patented and unpatented mining claims in Yavapai County, Arizona, USA, known collectively as the "Kay Mine Claims". The purchase price includes:

- (a) Cash consideration of \$50,000 (paid); and
- (b) the assumption by the Company of a loan on the closing date with a principal amount of US\$450,000, accruing interest at a rate of 12% per annum. The Company repaid the full amount of the loan and the accrued interest on March 12, 2019 in the amount of \$652,165.

In May 2019, the Company entered into an agreement with Silver Spruce to amend the ongoing terms of the Acquisition Agreement ("Extension Agreement"). Under the Extension Agreement, Croesus made additional payments to Silver Spruce of \$200,000 on May 9, 2019 and \$150,000 on June 27, 2019, satisfying all of the Company's obligations under the Acquisition Agreement and Extension Agreement.

In January 2021, the Company entered into a purchase option and sale agreement to acquire 100% of six parcels of patented land totaling 107 acres, located 900 metres northeast of its Kay Mine VMS Project. The purchase price was US\$2,250,000 and the purchase was completed in May 2021.

At June 30, 2021, the Company has provided aggregate of \$179,927 (December 31, 2020 - \$95,232) in deposits as security against potential future reclamation work related to the Kay Mine.
